

The Corporation of the Township of Whitewater
Region By-law Number 24-01-1655

**A by-law to regulate the use of land, and the character,
location and use of buildings and structures in the
Township of Whitewater Region**

WHEREAS Amendment No. 31 to the County of Renfrew Official Plan, which updated the County of Renfrew Official Plan, was approved on March 26, 2020 by the Ministry of Municipal Affairs and Housing and Final approved by the County of Renfrew on August 19, 2021;

Whereas Amendment No. 11 to the County of Renfrew Official Plan, partially approved by the Ministry of Municipal Affairs and Housing on July 10, 2019, and final approved by the Ministry of Municipal Affairs on March 24, 2022; and

Whereas Section 26 of the *Planning Act* requires that the Zoning By-law of the Township of Whitewater Region be amended to conform to the Official Plan of the County of Renfrew; and

Whereas the Township of Whitewater Region now deems it desirable and in the public interest to rescind By-laws 23-92, 1989-14, 98-13, 02-11-86, 14-05-704, 14-05-706, and all Amendments thereto, and enact a new Comprehensive Zoning By-law under Section 34 of the Planning Act, S.O. 1990 c P. 13, as amended, which will serve to regulate the use of the land and the character, location and size of buildings and structures within the boundaries of the Township of Whitewater Region;

**Now therefore Council of the Corporation of the Township of
Whitewater Region enacts By-law No. 24-01-1655 as follows:**

**Read a first, second and third time and finally passed this 17th day
of January, 2024.**

HOW TO READ THE ZONING BY-LAW

Administration

Explains the legal powers of zoning and how to interpret the document.

Definitions

Provides the definitions of terms that can be found throughout the document.

Determines how to measure a "yard", such as a "side yard".

Determines what land uses mean (e.g. "Agriculture").

General Provisions

Rules that apply in larger portions (or the entirety) of the Township.

Where to look if I am:

- Building a garage, shed, or swimming pool
- Adding an additional residential unit to my property
- Considering a home-based business

Zone Classifications

Explains how land can be used and what can be constructed within each Zone.

Lists a number of "exceptions" or site-specific zones that have unique provisions or regulations.

Schedules (Maps)

Identifies the zone applicable to each property within the Township.

Once the Zone is identified, see Zone Classifications.

ADMINISTRATION AND USAGE

1.1 TITLE

This By-law shall be known and cited as "The Township of Whitewater Region Comprehensive Zoning By-law".

1.2 APPLICATION OF BY-LAW

For the purpose of this By-law all the lands within the boundaries of the Township of Whitewater Region are hereby divided into various Zones to which the provisions and regulations herein shall respectively apply.

1.3 ADMINISTRATION

This By-law shall be administered by the Planner, By-law Enforcement Officer, Chief Building Official and Clerk, or any other person as Council designates.

1.4 PERMITS AND LICENCES

No Municipal permit, certificate or licence shall be issued for a proposed use of land, including any establishment, enlargement, alteration or change in use of any building or structure, that contravenes any provision of this By-law.

1.5 INJUNCTION

In case the whole, or any part of, any building or structure is, or is to be, used, erected, structurally altered, enlarged or extended or the whole or any part of any lot is, or is to be used, in contravention of this By-law, such contravention may be restrained by action at the instance of the Township or of any ratepayer pursuant to the provisions of all applicable statutes and regulations in force at the time of the contravention.

1.6 VIOLATIONS AND PENALTIES

Any person guilty of an offence and convicted of a breach of any of the provisions of this By-law shall be liable:

- a) On a first conviction to a fine of not more than \$25,000.00; and
- b) On a subsequent conviction to a fine of not more than \$10,000.00 for each day or part thereof upon which the contravention has continued after the day on which the person was first convicted.

CORPORATION OF THE TOWNSHIP OF WHITEWATER COMPREHENSIVE ZONING BY-LAW
1.0 ADMINISTRATION AND USAGE

Every corporation which contravenes any provision of this By-law on conviction is liable:

- a) On a first conviction to a fine of not more than \$50,000.00 and
- b) On a subsequent conviction a fine of not more than \$25,000.00 for each day or part thereof upon which the contravention has continued after the day on which the corporation was first convicted.

Every such penalty described herein is subject to the provisions of Section 67 of the Planning Act, R.S.O. 1990, c. P.13, as amended, and will change from time to time in accordance with the Act.

1.7 EFFECTIVE DATE

This By-law shall come into effect on the date of adoption by the Council of the Township of Whitewater Region, and in accordance with Section 34 of the *Planning Act*, as amended.

1.8 APPLICATION OF REGULATIONS

No person shall within any Zone or Defined Area, use any land or erect, build, construct, reconstruct, relocate, excavate for, alter, add to, enlarge, extend or use any building or structure, except in conformity with this By-law for the Zone or Defined Area in which such land, building, structure or use is located.

1.9 INCORPORATION OF ZONING MAPS

The location and boundaries of the Zones and Defined Areas (see Section 1.11) established by this By-law as shown on Schedules A through F, together with everything shown thereon and all succeeding amendments thereto, are hereby incorporated in and declared to form part of this By-law.

1.10 ESTABLISHMENT OF ZONES

- a) For the purpose of this By-law Schedules A through F shall be referred to as the Zoning Maps for the Township of Whitewater Region and the Zoning Maps shall be divided into the following Zones and such Zones are shown on the Zoning Maps by symbols consisting of letters and numbers or letters or symbols only as the case may be, as listed below:
- b) The symbols listed in subsection a) shall be used to refer to land, buildings, and structures and to the use thereof permitted by this By-law in the said Zones, and whenever in this By-law the word "Zone" is used, preceded by any of the said symbols, such Zones shall mean any area within the Township delineated on the Zoning Maps and designated thereon by the said symbol.

1.11 INTERPRETATION OF ZONE BOUNDARIES

Where any uncertainty exists as to the location of the boundary of any of the said zones as shown on the Zoning Maps, the following shall apply:

- a) The boundary of the Zones is the centre lines of the road allowance, alleys or the lot lines and the projection thereof, unless otherwise shown;
- b) Where Zone boundaries are indicated as approximately following lot lines shown on a registered plan of subdivision, such lot lines shall be deemed to be the said boundary;
- c) Where Zone boundaries are indicated as approximately parallel to the street line and the distance from such street line is not indicated, such Zone boundaries shall be construed as being parallel to such street line and the distance therefore shall be determined by the use of the scale shown on the Zoning Maps;
- d) Where a street, private road, or electrical transmission line right-of-way, or watercourse included on the map is included within the Zone of the adjoining property on either side, and where such street, private road, right-of way, or watercourse serves as a boundary between two or more different Zones, a line midway in such street, private road, right-of-way, or watercourse and extending in the general direction of the long division thereof is considered the boundary between Zones, unless specifically indicated otherwise;
- e) Where a dedicated street, or right-of-way shown on the map is closed, the property formerly in said street, or right-of-way shall be included within the Zone of the adjoining property on either side of the said closed street, or right-of-way, and the Zone boundary shall be the former centreline of said closed street, or right-of-way;
- f) Where a Zone boundary is indicated as following the edge of a watercourse, the boundary shall follow the top of bank of such watercourse and, in the event that the top of bank of such watercourse changes, the boundary shall be taken as having moved with the top of bank;
- g) Where a Zone boundary is indicated as following the shoreline of a Watercourse, the boundary shall follow the water's edge and, if the water's edge changes, the boundary shall be taken as having moved with the said water's edge;
- h) Wherever it occurs, the corporate limit of the Township is the boundary of the Zone adjacent to it;
- i) Where any setback is related to a Zone boundary which has moved under circumstances referred to in subsections (f) or (g) above, the point of line of reference of such setback shall be taken as equally moved;

- j) Where any Zone boundary is left uncertain after application of the preceding provisions, then the boundary line shall be determined according to the scale on the Zoning Maps in the office of the Planner; and/or,
- k) In instances where the boundaries of natural heritage features, watercourses, natural hazards are verified in the field and differ from the Environmental Protection (EP) Zone shown on the Schedules to this By-law, the boundaries of the EP Zone may be modified to match the verified boundaries of those features or hazards without an amendment to this By-law.

1.12 MEASUREMENTS

Where linear distances, other than those referring to vertical measurements are specified, such linear distances are measured on a horizontal plane.

1.13 INTERPRETATION OF WORDS/PHRASES

- a) Minimum Requirements - In interpreting and applying the provisions of this By-law, the said provisions are held to be the minimum requirements. Except for those specifically stated as being maximum, any numerical figures in this By-law shall be the minimum requirements.
- b) Meaning of Use - Unless the context otherwise requires, the expression "use" or "to use" in this By-law shall include anything done or permitted to be done by the owner or occupant of any land, building, or structure, directly or indirectly, by or through any trustee, tenant, servant, or agent, acting for or with the knowledge or consent of such owner or occupant, for the purpose of making use of the said land, building or structure.
- c) Meaning of Shall - In this By-law, the word "shall" shall always be construed as mandatory.
- d) Meaning of Building or Structure - A "building" or "structure" as defined herein shall include any part thereof.
- e) Number and Gender - In this By-law, unless the contrary intention appears otherwise, words importing the singular number or the masculine gender only shall include more persons, parties, or things of the same kind than one, and females as well as males, and the converse.
- f) Special Use Regulations for Exception Zones - To each Exception within any Zone there shall apply such special use regulations as may be established by this By-law with respect to such Exception and, in addition to such special use regulations, all provisions of this By-law including the general regulations applicable to the Zone within which the

CORPORATION OF THE TOWNSHIP OF WHITEWATER COMPREHENSIVE ZONING BY-LAW
1.0 ADMINISTRATION AND USAGE

Exception is located shall apply to the Exception; provided that, and unless a contrary intention appears from the special use regulations:

- i) If the special use regulations are different from the corresponding regulations of this By-law, including the general regulations applicable to the Zone within which the Exception is located, the special use regulations shall supersede and prevail over such corresponding regulations of this By-law;
- ii) If the special use regulations establish one or more specifically permitted uses for the Exception, such permitted use or uses shall be the only purpose or purposes for which the Exception Zone may be used; and,
- iii) If the special use regulations specifically permit one or more uses in addition to those otherwise permitted in the Zone within which the Exception is located, any and all of the other special use regulations applicable to the Exception Zone shall apply only to the additional permitted use or uses and not to uses otherwise permitted in the Zone.

1.14 CLARITY AND ACCURACY

In the development of this By-Law, every effort is made to ensure clarity and accuracy. This By-Law is a complex and detailed document, and inadvertent inconsistencies and errors may have occurred in its development. Notwithstanding any other provisions of this By-Law, corrections to technical errors including typographical, grammatical, spelling, section numbering, metric conversion, transposition errors and minor mapping irregularities may be made to this By-Law without formal amendment under the *Planning Act* and will not require public notification.

1.15 USE OF HOLDING ZONE (H) PROVISIONS

- a) Where the zoning applying to any lot includes the symbol (H) suffixed to any Zone symbol, the provisions of the Planning Act shall apply to such lands until such time as the By-law is amended to remove the holding symbol (H).

Application of the (H) symbol indicates that development of the lands is premature at the present time. However, it does indicate the use to which lands, buildings or structures may be put at such time in the future as the holding symbol is removed by amendment to this By-law. The Official Plan outlines the criteria to be satisfied in order to remove the holding symbol (H).

- b) The passing of such an amendment only requires that notice be given of Council's intention to pass the by-law and the earliest date on which Council will meet to consider the matter. Upon adoption there is no further notice of passing required nor any appeal

period as with regular zoning by-law amendments. Only the applicant has the right to refer the matter to the Ontario Land Tribunal if Council refuses to pass the by-law.

1.16 REPEAL OF EXISTING BY-LAWS

From the coming into force of this by-law, all previous by-laws passed under Section 34 of the Planning Act, as amended, or a predecessor thereof, shall be deemed to have been repealed except to the extent that any of the said by-laws prohibit the use of any land, building or structure for a purpose that is also prohibited by this By-law.

1.17 APPLICATION OF OTHER BY-LAWS

Nothing in this By-law shall serve to relieve any person from the obligation to comply with the requirements of the Ontario Building Code or any other By-law of the Township in force from time to time or the obligation to obtain any licence, permit, authority or approval required under any by-law of the Township.

1.18 GREATER RESTRICTIONS OF OTHER JURISDICTIONS

Nothing in this By-law shall reduce the severity of restrictions lawfully imposed by a governmental authority having jurisdiction to make such restriction.

1.19 BUILDINGS TO BE MOVED

No building, residential or otherwise, shall be moved within the limits of the Township or shall be moved into the Township from outside, without a permit from the Chief Building Official.

1.20 BUILDING PERMITS

In addition to fulfilling the requirements of any by-law enacted pursuant to Section 34 of the Planning Act, as amended, no person shall commence to use any lands or erect, occupy, alter, enlarge or use any buildings or structures until he has applied for and received from the Chief Building Official, a building permit as herein provided.

1.20.1 Building Permit Requirements

Unless deemed unnecessary by the Chief Building Official, an application for Building Permit shall be accompanied by a plan in duplicate, drawn to scale, in metric, and based on an accurate depiction of the property lines showing and containing:

- a) The true shape and dimensions of the lot to be built upon or otherwise developed;
- b) The proposed location, grade, height and dimensions of any buildings, structures, use or work proposed for the lot;

- c) The proposed locations and dimensions of any yards, setbacks, landscaping, off-street parking spaces or off-street loading facilities required by this By-law;
- d) The location on the lot of every building thereon;
- e) A detailed drawing of each building and structure indicating the type of material to be used;
- f) A statement, signed by the owner or his agent duly authorized thereunto in writing, disclosing the exact use proposed for each building aforesaid and giving all information necessary to determine whether or not such building and the proposed use thereof conforms with the requirements of this By-law; and,
- g) The lack of a survey or a mistake does not relieve any person from liability for not complying with the requirements of this By-law, i.e., responsibility is not upon the Township, whose rights are preserved even in the case of a mistake of its own Official.

1.21 TRANSITION PROVISIONS

1.21.1 Complete Applications for a Building Permit

- a) Nothing in this By-law prevents the development or use of a lot or a building for which a complete application for a building permit was received by the Township on or before the date of passing of this By-law, if the development or use complies, or the building permit application is amended to comply, with the provisions of the applicable former zoning by-law as it read immediately prior to the passing of this By-law.

1.21.2 Other Types of Complete Applications

- a) Where a complete application was received by the Township on or before the date of passing of this By-law for the development or use of a lot or one or more buildings, approval may be granted in the context of the applicable former zoning by-law as it read immediately prior to the passing of this By-law, for one or more of the following applications where they are consistent with the intent of the complete application:
 - i) Any application under Section 45 of the *Planning Act*;
 - ii) Site plan control approval pursuant to Section 41 of the *Planning Act*;
 - iii) Consent pursuant to Section 53 of the *Planning Act*;
 - iv) Draft plan of subdivision pursuant to Section 51 of the *Planning Act* or a description under the Condominium Act, 1998, S.O. 1998, c.19;

THE CORPORATION OF THE TOWNSHIP OF WHITEWATER REGION
COMPREHENSIVE ZONING BY-LAW
1.0 ADMINISTRATION AND USAGE

- v) Payment in lieu of parking agreement pursuant to Section 40 of the *Planning Act*; and
 - vi) A part lot control exemption pursuant to Section 50 of the *Planning Act*.
- b) Where the development or use of a lot or one or more buildings qualifies under subsection 1.21.2 a), a building permit may be issued after final approval is received for all required applications if the development or use complies, or the building permit application for the development or use is amended to comply, with the provisions of the applicable former zoning by-law as it read immediately prior to the passing of this By-law.
- c) Nothing in this By-law applies so as to continue the exemption provided by Section 1.21.2 beyond the issuance of the final building permit upon which the exemptions are founded.

1.22 MINOR VARIANCES

1.22.1 Continuation of Approved Variances

- a) During the two-year period commencing on the date of passing of this By-law, a building permit may be issued in the context of the applicable former zoning by-law as it read immediately prior to the passing of this By-law for any development subject to one or more approved minor variances under the provisions of the applicable former zoning by-law.

DEFINITIONS

For the purpose of this By-law the definitions and interpretations of this section shall apply.

Abandoned means the failure, in the opinion of the Zoning Administrator, to proceed expeditiously with construction work during any continuous 12-month period.

Abattoir means a building, structure or lot or part thereof used for the slaughter of livestock or other animals for the purpose of processing or rendering.

Accessory when used to describe a use, building or structure, means a use, or a detached building or structure, that is naturally and normally incidental, subordinate and exclusively devoted to supporting the principal use, building or structure and located on the same lot therewith. This does not include an accessory residence unless otherwise specified.

Aggregate means gravel, sand, clay, earth, shale, stone, limestone, dolostone, sandstone, marble, granite and rock other than metallic ores.

Agricultural Commercial Establishment means the use of land, buildings or structures for the wholesale or retail sales of goods that are necessary to support agricultural uses. Without limiting the generality of the foregoing, these include such goods as farm machinery and equipment, products used for the housing and husbandry of livestock, poultry and fur bearing animals, and sub-surface drainage materials and equipment. This definition shall also include such goods and services as the selling, processing and storage of seed, feed and fertilizer and chemical products.

Agricultural Uses means:

- i) Growing of crops, including nursery, biomass, and horticultural crops;
- ii) Raising of livestock;

Fences, Hedges, Shrubs, Trees, Freestanding Walls, Flagpoles, Light Standards, Garden, Trellises, Clothes Poles and similar structures and appurtenances	All	Unlimited

3.6 EXCEPTIONS TO HEIGHT LIMITATIONS

The height limitations of this By-law shall not apply to chimneys, church spires, public buildings, water tanks, elevator enclosures, flag poles, television or radio antennae, electrical transmission facilities, ventilators and skylights.

3.7 FENCES

Fence regulations will be included in a separate By-law adopted under the *Municipal Act*, and all fences will be subject to the regulations contained therein, and are not subject to this By-law.

3.8 FRONTAGE ON A PUBLIC ROAD

No person shall erect or use any building or structure on a lot in any zone unless the lot fronts on and has direct access to an improved street being a Provincial Highway, County Road, or Township Road.

Exceptions:

- a) Limited Service Residential (LSR) and Waterfront Vicinity (WV) Zones

Notwithstanding the requirements of paragraph 3.10.1, a dwelling may be erected or used for residential purposes on a lot in a Limited Service Residential (LSR) Zone or Waterfront Vicinity (WV) Zone provided such lot fronts along a private road. An existing dwelling may be enlarged or altered, provided the enlargement or alteration complies with all other provisions of this By-law. Structures accessory to an existing dwelling may also be erected, enlarged or altered, in compliance with all other provisions of the By-law.

b) Hunting and Fishing Camp

A hunting and fishing camp, as defined by this By-law, shall not be required to meet the requirements of paragraph 3.10.1.

c) Resource Land Uses

Notwithstanding the provisions of paragraph 3.10.1 of this subsection, a building or structure accessory to a permitted forestry, farm or mineral exploration use may be erected or used on a lot that has frontage on a seasonally maintained street; this provision shall not be construed so as to permit any type of dwelling.

d) Recreational Vehicles

Notwithstanding the provisions of paragraph 3.10.1 of this subsection, a recreation vehicle and accessory buildings or structures, in accordance with Section 3.31, can be located on a lot provided that such lot has frontage on a private road.

3.9 HOME-BASED BUSINESSES

3.9.1 Home Industries

A home industry shall only be permitted in a Rural (RU) Zone and an Agriculture (A) Zone provided the following provisions are complied with:

- a) Not more than ten percent (10%) or ten (10) square metres of the dwelling unit area, whichever is the lesser, shall be used for the purpose of a home industry.
- b) Accessory buildings may be erected, altered or used for the purpose of a home industry provided that not more than one hundred (100) square metres of the gross floor area of all accessory buildings shall be used for the purpose of a home industry.
- c) Such home industry shall be clearly secondary or incidental to the main residential or agricultural use and shall be predominantly operated by an inhabitant(s) thereof.
- d) A home industry shall not include a kennel.
- e) Open storage associated with a home industry shall not be permitted.

3.9.2 Home Occupations

A home occupation shall be permitted in any Zone provided such home occupation conforms to the following provisions:

- a) The use shall be conducted entirely within the dwelling unit and carried on only by person(s) residing in the dwelling unit.
- b) There shall be no external display or advertising other than a non-illuminated sign not more than three-tenths (0.3) of a square metre in area, to indicate to persons outside that any part of the dwelling unit or lot is being used for a purpose other than residential.

- c) Not more than twenty-five percent (25%) of the dwelling unit area shall be used for the purpose of home occupation uses.
- d) Such home occupation shall be clearly secondary to the main residential use and there shall be no change to the outside appearance of the dwelling unit or premises or any visible evidence of the conduct of a home occupation, except for the provisions outlined in 3.1.4 b).
- e) There shall be no storage of equipment, vehicles, or supplies associated with the home occupation outside the dwelling.
- f) The use shall not require additional off-street parking spaces for clients or customers of the home occupation.
- g) There shall be no manufacturing, fabricating or assembly process taking place on the premises.
- h) No equipment or process shall be used in a home occupation which creates excessive noise, vibration, glare, fumes, or odour detrimental to the health, safety, and general welfare of persons residing in the neighbourhood.

3.10 HUNTING AND FISHING CAMPS

A hunting and/or fishing camp may be established within the WV, A or RU Zone, subject to the following provisions:

- a) The gross floor area of the hunting or fishing camp structure shall not exceed 100 square metres.
- b) The minimum lot area shall be 10 hectares (25 acres).
- c) Shall only be serviced by a Class I or Class II sewage disposal system, as established in the Ontario Building Code, 2012.

3.11 KENNELS

Kennels shall only be permitted in the Rural (RU) and Agricultural (A) Zone as an On-Farm Diversified Use, in accordance with the following provisions:

- a) separated from a Residential zone or any dwelling on another lot by a minimum of:
 - 100 metres
- b) No kennel shall be erected within 60 metres of the lot line of adjacent lands held in separate and distinct ownership.
- c) Enclosed exercise areas or runs shall be provided.

- d) Where a kennel existed as of the date of passing of this By-law which does not comply with the foregoing setback or yard requirements, such kennel shall not be extended, enlarged, reconstructed, or altered if the effect of such extension, enlargement, reconstruction or alteration thereof is to further reduce or encroach on the setback, yard or yards that is or are less than required.

3.12 LOTS WITH LESS LOT AREA AND/OR LOT FRONTAGE THAN REQUIRED

Where a conveyable lot existing on the date of passing of this By-law had less than the minimum lot area and/or lot frontage than that required by this By-law, or where a lot was or is created as a result of an expropriation, or conveyance to the municipality or other applicable road authority, such lot may be used and a building or structure may be altered, erected or used on such lot provided that:

- a) the use, building or structure is permitted in the Zone and all other requirements of this By-law are met; and
- b) the water supply and sewage disposal systems meet provincial requirements, and written approvals are obtained from the applicable permit granting authority.

3.13 LOTS WITH MORE THAN ONE ZONE

Where a lot is included within two or more Zones, each portion of the lot shall be used in accordance with the provisions of the applicable Zone.

3.14 MOBILE HOMES

Mobile homes shall be prohibited in all zones except a Mobile Home Park (MHP) Zone or an Agriculture (A) Zone where a second dwelling unit which is accessory to the farm operation may be a mobile home.

3.15 MODEL HOMES

Notwithstanding the provisions of this By-law, model home, temporary sales office use and associated parking are permitted in any Zone, provided said uses are located on lands within a draft approved or registered plan of subdivision and have been approved by way of an agreement with the Township. The number of model homes to be permitted shall be identified in the agreement.

3.16 NON-COMPLYING BUILDINGS OR STRUCTURES

All buildings or structures erected in any Zone prior to the date of passing of this By-law that no longer comply with the provisions of the Zone within which it is located shall be deemed to be legal non-complying to the provisions of the applicable Zone in which it is located, provided that said building or structure was constructed legally in accordance with the applicable requirements in force and effect at the time of construction.

Nothing in this By-law shall:

- a) Prevent the reconstruction, repair or restoration of any existing, non-complying building or structure, or part thereof, to a safe condition provided that such repair or restoration does not increase the height, area or density of such building or structure and that the building or structure continues to be used for the same purpose and in the same manner as it was used on the date of passing of this By-law.
- b) Prevent the extension or an addition to a building or structure which is non-complying to this By-law provided that such extension or addition does not:
 - i) contravene any provision of this By-law or
 - ii) further the non-complying provision.

3.17 NON-CONFORMING USES

- a) A non-conforming use means that the lot and/or the buildings and structures on the lot are being used for a use that is not permitted by this By-law. Nothing in this By-law shall:
 - i) Make legal any use of any land, building or structure which was illegal under any previous Zoning By-laws applicable within the Township of Whitewater Region and which continues to be illegal under the provisions of this By-law;
 - ii) Prevent the use of any land, building or structure for any purpose prohibited by this By-law if such land, building or structure was legally used for such purpose on the day of the passing of this By-law, so long as it continues to be used for that purpose;
 - iii) Prevent a non-conforming building or structure from being reconstructed or restored and strengthened to a safe condition;
 - iv) to prevent the erection or use for a purpose prohibited by the by-law of any building or structure for which a permit has been issued under subsection 8 (1) of the Building Code Act, 1992, prior to the day of the passing of the by-law, so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided the permit has not been revoked under subsection 8 (10) of that Act. R.S.O. 1990, c. P.13, s. 34 (9); 2009, c. 33, Sched. 21, s. 10 (1).
 - v) Prevent the height of a non-conforming building or structure from being increased for the sole purposes of floodproofing.
- b) Any non-conforming use of land, of a building or of a structure which is discontinued shall not be resumed nor shall such non-conforming use be changed to any other non-conforming use.
- c) When considering enlargements or extensions, construction standards and techniques that will minimize the degradation of ground or surface water quality, shall be required, as appropriate.

3.18 NON-COMPLIANCE RESULTING FROM CONVEYANCE OR EXPROPRIATIONS

Notwithstanding any other provision of this By-law, to the contrary, any non-compliance that is created as result of a conveyance to and/or an expropriation by a public authority is deemed for the purposes of this By-law to be compliant with all applicable provisions of this By-law. Furthermore, any and all existing buildings and structures situated on a lot affected by such a conveyance and/or expropriation may be enlarged, reconstructed, repaired, renovated or replaced provided that the enlargement, reconstruction, repair, renovation or replacement of the existing buildings or structures complies with all other applicable requirements of this By-law.

3.19 NOXIOUS USES

No use shall be permitted which, from its nature or the materials used therein, is declared to be a noxious trade, business or manufacture under the Health Protection and Promotion Act and Regulations thereunder, and The Environmental Protection Act and Regulations thereunder. Noxious uses do not include normal farm operations or practices using commercial fertilizers and manure, the spraying of crops with herbicides, insecticides, and pesticides, or the use of heavy machinery for farm purposes.

3.20 OCCUPANCY OF INCOMPLETE BUILDINGS

No dwelling shall be occupied before the kitchen, heating and sanitary conveniences have been installed and rendered usable and the outside weatherproofed.

3.21 OCCUPANCY OF VEHICLES

No truck, bus, coach, or vehicle shall be used as a principal residence for permanent human habitation within the Municipality whether or not the same is mounted on wheels.

3.22 ON-FARM DIVERSIFIED USES

On-farm Diversified Uses (OFDUs) may be located on a farm parcel that is zoned Agricultural (A) or Rural (RU) and is used for agricultural production.

a) Relationship to Principal Use

The On-farm Diversified Use shall be secondary to the principal agricultural use of the property. The use shall be limited spatially and temporally and shall not interfere with surrounding agricultural operations.

b) Calculating Acceptable Area Limits

- i) Lot coverage ratio shall be based on the total area occupied by the On-farm Diversified Use relative to the individual farm parcel on which the use is located.
- ii) Up to 2% of the farm parcel on which the use is proposed to be located, to a maximum of 1 hectare may be permitted to be utilized for an On-farm Diversified Use.

- iii) The area of existing, repurposed agricultural buildings will be calculated at 50%, when determining overall area of the proposed On-farm Diversified Use.
 - iv) The area of new buildings to be constructed, outdoor storage, septic systems, landscaped areas, berms, laneways and parking will be calculated at 100%.
 - v) The use of existing laneways and parking areas shared with agricultural uses are not included in area calculations.
 - vi) The gross floor area of buildings used for the On-farm Diversified Use shall not exceed 30% of the total area set aside for the On-farm Diversified Use.
 - vii) If more than one On-farm Diversified Use is located on a farm parcel, the combined area of all On-farm Diversified Uses should be 2% of the farm parcel up to 1 hectare.
- d) Emergency Access
- Emergency Access shall be provided by means of a driveway at least 6.0 metres (19.69 ft.) in width contained on the farm parcel on which the On-farm Diversified Use is located and leading to an improved public street as defined herein.
- e) Servicing
- The farm operator shall demonstrate to the satisfaction of the Township and/or the applicable permit-granting authority that there is an adequate supply of potable water available on site for the On-Farm Diversified Use, and all relevant sewage disposal requirements under the Ontario Building Code can be complied with, or satisfactory alternate arrangements can be made.

3.23 OPEN STORAGE

Except as otherwise specifically provided in this By-law, no open storage shall be permitted in any zone except in accordance with the following provisions:

- a) Open storage shall be accessory to a permitted or existing non-residential use, on the same lot.
- b) No open storage shall be permitted in any required minimum front yard or required exterior side yard, except in the case of an agricultural use, or the outside display and sale of goods and materials in conjunction with a permitted commercial use.
- c) No open storage shall be permitted within any required minimum side or rear yard where the side or rear lot lines abut any Residential or Community Facility Zone.
- d) No open storage area shall be visible from any street or from any adjacent lot where such adjacent lot is in a zone other than a Commercial or Industrial Zone. Wherever it is necessary, visual screening such as plant materials, a buffer strip, berm, fencing or other opaque barrier to a minimum height of 1.5 metres shall be used. Exceptions to this provision are for open storage accessory to an agricultural use or outdoor display used in conjunction with a permitted commercial use.
- e) A strip of landscaped open space with a minimum width of 3 metres shall be maintained around all open storage areas.

- f) Any open storage area shall be maintained as landscaped open space, or surfaced and maintained with stable materials to prevent the raising of dust and particles, and properly drained. However, this provision shall not apply where the main use is an agricultural use.
- g) No parking spaces or loading spaces required by this By-law shall be used for open storage purposes.

3.24 OUTDOOR FURNACES

Outdoor Furnaces are permitted only in the General Industrial (GM), Mining Industrial (MM), Extractive Industrial (EM), Extractive Industrial Reserve (EMR), Disposal Industrial (DM), Agriculture (A), Rural (RU), and Community Facility (CF) Zones and shall meet the following requirements:

- a) be located a minimum of 50 metres from any lot line;
- b) be located a minimum of 100 metres from an existing dwelling on a separate lot;
- c) be located the minimum distance from any building on the property in accordance with the manufacturer's specifications;
- d) No more than one outdoor furnace shall be permitted on a lot, except where it serves a permitted accessory dwelling or an agriculture building on lands used primarily for agricultural purposes; and
- e) Notwithstanding any other provision of this By-law to the contrary, any outdoor furnace that existed as of May 21st, 2014 shall continue to be permitted, so long as it continues to be used for that purpose.
- f) The existing outdoor furnace may be repaired to a safe condition or replaced, and is exempt from the provisions of Section 3.30 (a) to (d) inclusive, provided the height, size or volume of the repaired or replaced outdoor furnace is not increased and it is located on the same footprint. Any existing non-conforming outdoor furnace, when replaced with a new outdoor furnace, shall be in compliance with all other applicable law.

3.25 OUTSIDE LIGHTING FACILITIES

Illuminated signs and exterior lighting installed on a lot to illuminate parking areas, driveways, loading areas, storage areas, buildings or decorative building elements shall be so arranged as to direct light away from abutting lots and adjacent residential uses.

3.26 OTTAWA RIVER FLOODPLAIN

Lands located within the Ottawa River Floodplain have been identified on Schedules "A" through "F" to this By-law. This floodplain has been divided into two (2) zones - the flood fringe and the floodway - that are subject to specific provisions outlines below.

Within the Township, the extent of the floodway and flood fringe are identified with specific elevation contours at various sections within the floodplain. A description of these floodplain sections is also provided below.

Please consult the Flood Risk Maps with the Township where applicable.

3.26.1 Floodway

For those lands located within the Ottawa River Floodplain and situated below the floodway elevations noted below, no buildings or structures with the exception of boat docking or launching facilities, shall be permitted.

Floodway Elevations by Section of Ottawa River

- a) Former Township of Ross - 87.85 metres Canadian Geodetic Datum (C.G.D.)
- b) Northern Boundary of Former Township of Westmeath to the northern limit of Lot 11, Concession W.F.E., former Township of Westmeath - 111.0 metres C.G.D.
- c) Northern limit of Lot 11, Concession W.F.E., Township of Westmeath to the boundary of the former Townships of Westmeath and Ross - see Phase II and Phase III Flood Risk Maps.

3.26.2 Flood Fringe

For those lands located within the Ottawa River Floodplain and situated above the floodway elevations noted in Section 3.26.1, no building permits shall be issued for new developments including additions or enlargements, unless such development is floodproofed to the design elevations noted below. Engineered drawings prepared and certified by a qualified Civil Engineer must accompany an application for a building permit. All floodproofing methods shall be consistent with accepted engineering techniques and resources management practices.

Flood Fringe Elevations by Section of Ottawa River

- a) Former Township of Ross - 89.15 metres Canadian Geodetic Datum (C.G.D.)
- b) Northern Boundary of the Former Township of Westmeath to the northern limit of Lot 11, Concession W.F.E., former Township of Westmeath - 112.5 metres C.G.D.
- c) Northern limit of Lot 11, Concession W.F.E., Township of Westmeath to the boundary of the former Townships of Westmeath and Ross - see Phase II and Phase III Flood Risk Maps.

3.26.3 Lac Coulonge - (Hennessey's Bay and Malloy Bay)

For those lands fronting Hennessey's Bay and Malloy Bay as outlined on Maps 1 to 19 (excluding Map 16) of the Phase III Flood Risk Maps, the flood fringe may be extended 0.5 metres below the floodway boundary, which is outlined on the applicable Flood Risk Map. No building permits shall be issued for new development within the flood fringe unless floodproofed to the elevation of the regulatory floodline, as delineated on the applicable Flood Risk Map. An elevation survey prepared by an Ontario Land Surveyor must accompany all applications for building permits.

For development within the 0.5 metres below the floodway boundary, engineered drawings prepared and certified by a qualified Civil Engineer must accompany an application for a building permit. Engineered fill shall be used for floodproofing up the elevation of the floodway boundary. No new basements will be permitted.

3.27 PARKING AND LOADING SPACE REQUIREMENTS

3.27.1 Parking Requirements

a) Number of Spaces

In any Zone the owner of every building hereafter erected, enlarged or changed in use after the passing of this By-law shall provide and maintain off-street parking space in accordance with the following:

Type of Use	Minimum Parking Required
Residential Uses, unless otherwise specified: Single Detached, Semi-Detached, Duplex, Triplex, Fourplex, Townhome, Additional Unit Apartment	One (1) parking space per unit 1.25 spaces per unit
Mobile Home Park	Two (2) parking spaces per mobile home site
Group Home	One (1) parking space per each 3 persons licensed or approved capacity
Agricultural, Agriculture-Related, and On-Farm Diversified Uses	Adequate off-street parking shall be provided. Number of parking spaces shall be determined based on the use. The general parking provisions in this section can be used as a general guideline. Township staff will assist in determining the number of required spaces.
Bank or Trust Company	5.5 spaces per 100 square metres gross leasable area
Bed and Breakfast	One (1) parking space per dwelling unit and one (1) parking space for each room rented
Tavern, Public House	1 parking space per 4 persons design capacity
Place of Worship, Assembly Hall	The greater of 1 parking space per 10 square metres of gross floor area or per every four fixed seats or per every 2.5 metres of bench space
Place of Entertainment/recreation facility including arena, auditorium, recreation centre, theatre, tennis club, stadium, racquet club, cinema, fitness club, fairgrounds	One (1) parking space per 6 seat capacity

CORPORATION OF THE TOWNSHIP OF WHITEWATER COMPREHENSIVE ZONING BY-LAW
3.0 GENERAL PROVISIONS

Hospital, Long-Term Care Facility, Residential Care Home	One (1) parking space per each two (2) beds
Hotel	1 space per bedroom plus 10 spaces per 100 square metres of public use area
Industrial Establishment	One (1) parking space per 100 square metres of gross floor area
Clinic	Six (6) spaces per practitioner for the first 5 practitioners, 4 spaces per each practitioner after 5
Office (Business/Professional)	Three and a half (3.5) spaces per 100 square metres of gross leasable area
Eating Establishment, Drive-In/Fast Food	Twenty-five (25) spaces per 100 square metres of gross leasable area
Eating Establishment, Full Service	Twenty (20) spaces per 100 square metres of gross leasable area
Eating Establishment, Take Out	Seven (7) spaces per 100 square metres of gross leasable area
Retail, General including convenience store and personal service establishment	Five (5) spaces per 100 sq. metres of gross leasable area
School	The greater of: One and a half (1.5) parking spaces per classroom, or one (1) parking space per 3.0 square metres of floor area in the gymnasium, or One (1) parking area per 3.0 square metres of floor area in the auditorium
Shopping Centre	Five (5) spaces per 100 sq. m of gross leasable area
Shopping Plaza	Five (5) spaces per 100 square metres of gross leasable area
Other Non-Residential Uses	One (1) parking space per 30 square metres of gross floor area

b) Calculation of Spaces

If the calculation of the required parking spaces results in a fraction, the required parking spaces shall be next higher whole number.

c) Location of Parking Areas

In a Residential Zone, the required parking shall be located on the same lot as the dwelling unit. In all other areas, the parking area shall be located within one hundred and fifty (150) metres of the location of the use it is intended to serve, and shall be situated in the same zone; and shall be secured and retained for parking purposes for the duration of the use.

d) Surface and Drainage

- i) The parking area and approaches shall be surfaced with concrete, asphalt, crushed stone, gravel or a combination thereof with a stable surface.
- ii) Where more than four (4.0) parking spaces are required, the surface treatment shall prevent the raising of dust or loose particles.'
- iii) Provision for drainage facilities shall be made in compliance with the requirements of the Municipality.

e) Access to Parking Spaces and Parking Areas

- i) Every parking space shall be provided with unobstructed access to a street by a driveway aisle or lane, except where such spaces are provided for the use of occupants of a single detached or semi-detached dwelling.
- ii) Access to parking areas for commercial or industrial uses shall not pass through a Residential Zone.
- iii) The minimum width of an aisle providing access to a parking space within a parking area is 6.0 metres.
- iv) Aisle widths may be reduced where parking is provided at a 60 degree angle to the drive aisle.

f) Dimensions of Parking Spaces

Every required parking space shall have minimum rectangular dimensions of 2.7 metres by 6.0 metres.

3.27.2 Loading Requirements

a) Uses Where Applicable

No person shall, in any Zone, erect or use any permitted building or structure for manufacturing, storage, warehouse, department store, retail store, wholesale store, market, freight or passenger terminal, hotel, hospital, mortuary, or other permitted uses similarly involving the frequent shipping, loading or unloading of persons, animals or goods, unless there is maintained in the same premises with every such structure or use, off-street space for standing, loading and unloading.

b) Dimensions of Loading Spaces

Every required loading space shall have minimum rectangular dimensions of 3.5 metres by 9.0 metres with a minimum height clearance of 4.0 metres.

c) Minimum Number of Loading Spaces

This requirement does not apply for buildings and structures having less total floor area than 300 square metres. For all other buildings, there shall be one loading space for each 1,500 square metres of floor area or part thereof, above the 300 square metre threshold.

d) Location

The loading space required shall be located in the interior side yard or rear yard unless set back a minimum distance of 16 metres from the street line.

Required loading spaces shall be provided on the same lot occupied by the building or structure which requires such loading spaces but shall not form part of any driveway.

e) Surfacing

The loading space and approaches shall be surfaced with concrete, asphalt, crushed stone or gravel.

f) Existing Uses, Buildings and Structures

When an existing use, building or structure has insufficient loading spaces on the date of passing of this By-law, it shall not be interpreted that the deficiency be rectified. If any addition is made to the building or structure which increases the total floor area, additional loading spaces shall be provided, as required, for the total floor area of such addition.

3.28 PITS AND QUARRIES

The establishment of pits or quarries is prohibited within the area covered by this By-law, except where existing pits and/or quarries are permitted in locations identified within the Extractive Industrial (EM) Zone and in accordance with the provisions of the EM Zone.

Separation distances related to pits and quarries are discussed in Section 3.32.

3.29 PROHIBITED FORMS OF DWELLING UNITS

No truck, bus, coach, streetcar body, or railway car, or other motor vehicle whether or not the same is mounted on wheels or other form of mounting or foundation, nor temporary structures such as tents, recreational vehicles, shipping containers and school portables, shall be used as a dwelling unit except for a mobile home or trailer where specifically permitted by this By-law.

3.30 PUBLIC USES OF LANDS

The provisions of this By-law shall not apply to the use of any land or to the erection or use of any building or structure for the purpose of public service by the Municipality, the County of Renfrew, or by any local board thereof defined by the Municipal Affairs Act (R.S.O. 1980), any telephone, gas, or telegraph company, any department or agent of the Government of Ontario or Canada, including Ontario Hydro, provided that:

- a) With the exception of a public utility, the lot coverage, parking and loading, setback and yard requirements prescribed for the zone in which such land, building or structure is located shall be complied with;
- b) No goods, material, or equipment shall be stored in the open in a Residential Zone; and
- c) Any building erected in a Residential Zone under the authority of this paragraph shall be designed and maintained in general harmony with residential buildings of the type permitted in the zone.

3.31 RECREATIONAL VEHICLES

a) Temporary Residential Use

One (1) recreational vehicle can be located on any vacant lot in the Rural (RU), Limited Service Residential (LSR), and Waterfront (WV) Zones and may be occupied provided it meets all other applicable policies of this By-law and is licensed by the municipality. A mobile home or park model trailer is not permitted under this provision of the By-law.

In the Agriculture (A) or Rural (RU) Zones, one (1) recreational vehicle may be permitted as a second accessory dwelling to accommodate farm help provided it meets all other applicable policies of this By-law and is licensed by the municipality.

b) Accessory Building or Structure

Accessory buildings or structures such as sunrooms, decks and porches attached to any trailer shall not exceed the ground floor area of the trailer. Accessory buildings or structures such as a shed shall not exceed 15 square metres.

3.32 SEPARATION DISTANCES

a) Industrial Land Uses

- i) The minimum separation distance between a sensitive land use and industrial uses shall be the following:

i. Class I Industrial Facility	20 m
ii. Class II Industrial Facility	70 m
iii. Class III Industrial Facility	300 m

- ii) Notwithstanding the above to the contrary, the minimum setbacks from the industrial use may be reduced where mitigation at the industrial source is possible. Such a reduction shall require an amendment to this By-law.
- iii) No sensitive use shall be erected within sixty (60) metres of any Industrial Zone unless specified in an Industrial Zone.

b) Gravel Pits, Quarries and Associated Extractive and Manufacturing Plants and Facilities

- i) The minimum setback distance between a sensitive land use and the licensed boundary of an existing sand and gravel pit operating above the water table shall be 150 metres.
- ii) The minimum setback distance between a sensitive land use and the licensed

boundary of an existing sand and gravel pit operating below the water table shall be 300 metres.

- iii) The minimum setback distance between a sensitive land use and the licensed boundary of a quarry shall be 500 metres.
- iv) The minimum setback distance between a sensitive land use and lands zoned the Mineral Aggregate Reserve - Sand and Gravel (EMR-SG) shall be 300 metres.
- v) The minimum setback distance between a sensitive land use and lands zoned the Mineral Aggregate Reserve - Bedrock (EMR-B) shall be 500 metres.
- vi) The minimum setback distance between a sensitive land use and a hauled sewage disposal site shall be 200 metres, unless it is the owner's dwelling, in which case the required separation distance shall be 60 metres.
- vii) No land identified as a buffer strip in a license or permit under the Aggregate Resources Act shall be used for any other purpose.
- viii) No concrete or asphalt manufacturing plant or extractive industrial facility shall be located within 50 metres of any high water mark.
- ix) No asphalt manufacturing plant shall be located within 300 metres of a sensitive land use. Notwithstanding the foregoing, where an operator possesses a valid Certificate of Approval for a particular asphalt plant, the required separation distance shall be as established by that Certificate.
- x) No gravel pit shall be located within 300 metres of an existing dwelling or building lot for a dwelling.
- xi) No quarry shall be located within 500 metres of an existing dwelling or building lot for a dwelling.
- xii) No concrete manufacturing plant shall be located within 1000 metres of a dwelling, school, an institution with a residential component or land restricted to residential use in a by-law passed under Section 34 of the *Planning Act*.

c) Hauled Sewage Disposal Site

No disposal of hauled sewage shall be permitted unless the disposal site has been approved by the Ministry of the Environment, Conservation and Parks, and no disposal site shall be located within:

- i) 200 metres of any dwelling on another lot;
- ii) 750 metres of any subdivision or land zoned for residential development;
- iii) 150 metres of any uncased well;
- iv) 75 metres of any well with a casing depth of 6.0 metres or less;
- v) 180 metres of any surface water;
- vi) 60 metres of the right-of-way of any road;
- vii) 60 metres of any land used for livestock pasturing.

c) Waste Disposal Site

The minimum setback distance between a sensitive land use and a waste disposal site shall be 500 metres.

d) Agriculture

All new agricultural and non-agricultural development must comply with the Minimum Distance Separation I (MDS I) and II (MDS II) distances established through Provincial guidelines, as amended from time to time.

No livestock facilities, manure storage area or farm use budling and structure shall be located within:

- i) Thirty (30) metres from any lot line.

3.33 SETBACKS FROM ROADS, TRAILS, AND WATERBODIES

No person shall erect any building or structure in any Zone unless such building or structure conforms to the following setback requirements from road centrelines, or from high water marks.

a) Provincial Highway

Any development which is to occur adjacent to a Provincial highway shall be carried out in accordance with the setback requirements, access and building permit controls of the Ministry of Transportation. Any proposed access to the highway will be subject to the prior approval of the Ministry of Transportation (MTO).

As per the Public Transportation and Highway Improvement Act, the Ministry of Transportation controls all development within 45 metres of any limits of Kings Highway and 180 metres of the centre point of an intersection and any access to the highway will be subject to MTO approval.

No active use or construction will be permitted within the Proposed Location of Highway 17, as indicated on the Schedule to this by-law. Any proposed development in the vicinity of this area shall be carried out in accordance with the requirements of the Ministry of Transportation.

b) County Road
